

conga-MIPI/Skit-ARM

This complete kit provides the ability to start evaluating instant deployable industrial-grade camera applications based on MIPI and ARM i.MX8

- Application-ready embedded vision kit to enable video analytics at the industrial IOT Edge
- Using this kit enables instant deployable industrial-grade plug and play camera applications
- Based on 3.5" Carrier Board conga-SMC1, SMARC 2.0 conga-SMX8 and Basler 13MP MIPI camera

Contents:

- ▶ 3.5" conga-SMC1/SMARC-ARM
- ▶ conga-SMX8 SMARC 2.0 module
- ▶ daA4200-30mci - Basler dart MIPI based 13 MP camera
- ▶ FFC cable to connect conga-SMC1 with MIPI camera
- ▶ Quick Start Guide conga-MIPI/Skit-ARM
- ▶ conga-MIPI/Skit-ARM Development Kit – Safety Info
