

# THE HEART OF SMPS

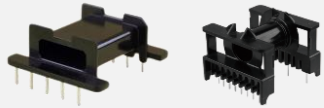

**\*Magnetic components is indispensable in PCBA. Transformers and inductors are always worked together.**

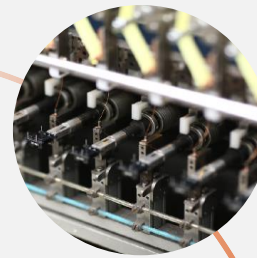

**\*Fuan is providing one-stop service of magnetic components to our customer, including above all listed products.**

# THE ADVANTAGES

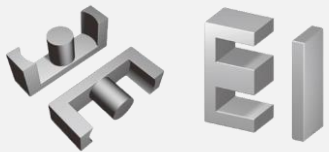

**Fuan produce bobbins ourselves.**

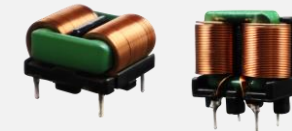

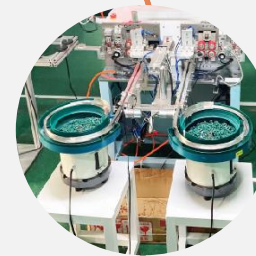

**12 spindles automatic winding machine.**

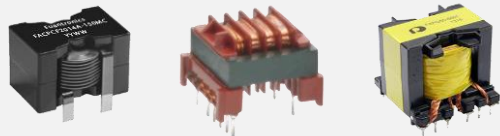

**Fuan produce cores ourselves.**

**Automatic production line for flat wire inductor.**

**Automatic production lines.**

**Semi-automatic machine for custom-design products.**

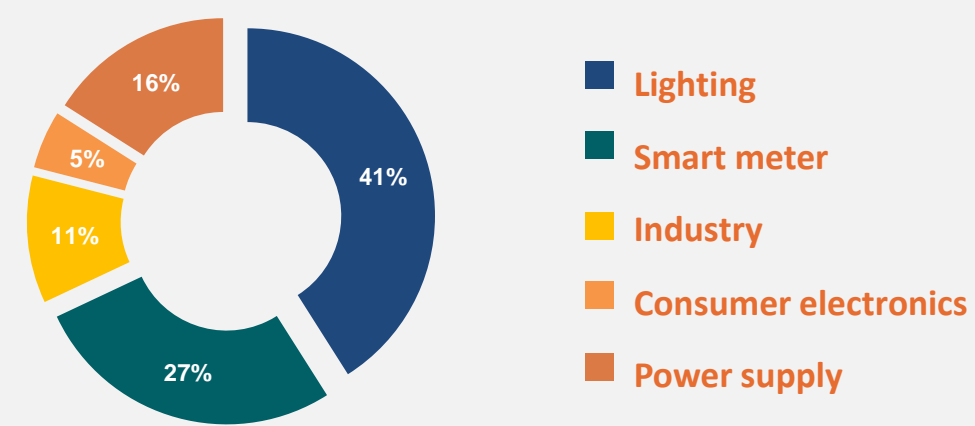

since 1986

# THE APPLICATIONS

## Main market and Industry share

since 1986

# ➤ 10-150KW HIGH POWER PRODUCTS DISPLAY

Full Bridge Transformer 50kW

Set Full Bridge PS transformer 20kW

Choke 24uH 200A

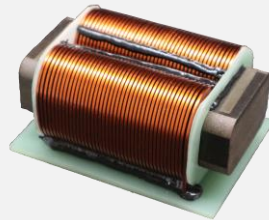

PQ50 Full Bridge Transformer

150KW Transformer

LLC Resonant  
(Transformer + Inductor)

50uH Min/100A Inductor

Buck Inductor 950uH

LLC 30KW Transformer

DC Choke 145uH
